

Situated between the suburb of Summerstrand, and the seaside village of Schoenmakerskop, the resort is nestled between the sea and a thicket of coastal vegetation. Even first-time visitors to Port Elizabeth won't have a problem finding the resort if they follow the freeway signs to the city's main beachfront, and stay on that road until it becomes Marine Drive. A pleasant journey for approximately 12 kilometres along Marine Drive will get you safely to the entrance gates, all of which are clearly signposted with the distinctive Madiba Bay Logo.
